## **SOUTH CALGARY COLTS**

### **ATOM COLTS PLAYER/PARENT HANDBOOK**

#### **Overview**

Welcome To the South Calgary Colts Organization

Colts Atom Football is a developmental football program for 8-10 year old athletes. Our program is centered on introducing the game of football to these athletes in a safe and fun environment. We will motivate these players and help them to develop a love for the game. We want players and parents to enjoy their experience with The Colts Football Club and become part of our Colts family. We accomplish this through high level, qualified coaching, top quality management, and by providing the best equipment available with first class physical preparation. Our goal is to create young athletes who want to continue in our organization and progress through the Peewee, Bantam and Spring League levels, while providing a positive experience for our kids. We look forward to another outstanding year of Colts Football. The South Calgary Colts is founded on the following four values in this order:

Faith  
Family  
School  
Football

We support our players in all their areas of commitment and development.

#### **Playing Time**

Atom is a foundational age group for learning to play football. As such, all players will be given a minimum amount of game play time. Extra Game play time will be determined by attendance and work habits at practice, as well as overall game needs of the team. Commitment is important. The Management and Coaching staff ask that both the players and parents understand and support this philosophy. It is understood that evaluations for hockey and basketball fall during the football season. We want to work collaboratively with parents in regards to this overlap and have parents understand that commitment elsewhere could impact playing time the following game day. Communication with coaches and managers is integral to this process in order to be courteous and to be fair to all involved. We welcome any questions/comments, but would ask that the following process is followed: If a player has any concerns, they are to discuss these concerns with the Coaching staff after a practice in the following order:

1. The player will first discuss with the position Coach.
2. If there are further concerns, the player takes their concerns to the Coordinator.
3. If the issue is still not resolved, the player will talk to the Head Coach.
4. If there is no resolution through this process, only then will the Player's appropriate Coach discuss the matter with the Player's parent.

Advocating for one's self is an important skill to be developed by the athlete. If parents wish to inform the coach that their child wants to discuss an issue with the coaches, then the parent may email the coach in question and a discussion will ensue at the next practice. If a player is in need of further clarification, then a discussion will take place between the parent and the coaches. Coaches and Managers will not discuss any player with a parent other than their child.

Please respect the fact that coaches and players are on the field and in the huddle on a daily basis and a parent may not have the same perspective as those involved. Open, honest and fair communication will ensure that all members benefit and are satisfied with the decision made. Furthermore, post-game time is to celebrate accomplishments, extend compliments and to shake hands. This is what parents can expect from the coaching staff. Other concerns can be broached using the process as noted previously in this section.

**Any post game concerns will not be heard for 48 hours after the game. Please respect the cooling off period and address your concerns at the next practice.**

### **Injury Protocol**

Football is a contact sport and as such injuries do happen. As a Coaching staff and Management team we take injuries very seriously. We do not want to see your child hurt and take as many steps as possible to ensure the safety of the players. However, when an injury does occur, many of our coaches and managers are First Aid certified and as such if they recommend that your child see a doctor for their injury please ensure you get them in to see one!

**ALL PLAYERS THAT HAVE BEEN INSTRUCTED TO TAKE TIME OFF THE FIELD DUE TO INJURY REQUIRE A DOCTOR'S NOTE PRIOR TO RETURNING TO PLAY! NO EXCEPTIONS!!!!**

### **Volunteer Commitment**

Our team requires volunteers in many positions, it is expected that parents will continue to fill the necessary roles this year as they have in the past. Involvement of parents and families is what builds strength in our Football Club. Colts Managers will be approaching all parents to volunteer for a variety of positions. We look forward to working with you during this Colts Football Season.

To ensure continued parent involvement a Volunteer bond has been instituted. Each family with a player on the Atom Colts will be responsible to fulfill 6 credit units of volunteer time. Upon failure to complete this expectation, a \$200 charge will be issued. Volunteer opportunities will be present throughout the season and families will be notified via TeamSnap or email. Examples of Volunteer opportunities and credit allotment included but are not limited to:

Coach/Manager/ Trainer 10 units

Photographer 10 units

Videographer 4 units per game

Game Ref 4 units per game

Water Jug 4 units per game

There will be no exceptions. The people involved with the Colts are here to help to coach your son/daughter, take care of any minor injuries or manage the team.
